*Wishing you* a retirement as amazing as the impact you've made. *Thank you* for your unwavering commitment and guidance.

After 33 years as Executive Director, Debbie Caywood has announced her retirement at the end of 2024. Debbie came to the ARSPCA in June of 1991 when it was just a bare bones metal building on top of a hill. Through the years, Debbie spearheaded growth that saw the expansion of that metal building to include offices, boardroom, visiting rooms and other much needed space. The Agnes Lawrence Spay/Neuter Clinic was opened in 2011 offering low cost services to the local community.

Prior to Debbie's arrival, fund raising was minimal if not absent. The annual Cause for Paws was started under Debbie's leadership and has grown into the largest fund-raising event the ARSPCA has. Outreach to the local community to raise funds and awareness has grown through the 33 years to where the ARSPCA can offer much more for education and to the animals we serve.

Building relationships with national animal welfare organizations has been key in the success of the ARSPCA, the most impactful being the long term, lifesaving partnership with the ASPCA (American Society for the Prevention of Cruelty to Animals). Utilizing our empty shelter space to elevate their work in animal transport through a program involving an overnight stopover, or waystation, for safe transport. This revenue stream and additional grant funding has allowed additional local programs and plans for the shelter to flourish. Pet Smart Charities has also been a supporter of the ARSPCA, thanks to Debbie's dedication and ability to build strong relationships. Reaching out to local rescue groups and shelter partners has been another way that Debbie has grown community outreach and helped our region save more lives together. Our volunteer program is thriving and she expanded our grant program beyond our expectations!

It is hard to list the growth, the awareness and positives that have come in the 33 years Debbie has dedicated her career to leading the ARSPCA. Thousands of animals have been rescued; thousands have been spayed or neutered, and because of her efforts to expand, raise funds, and plan for the next generation of leaders, our mission is being achieved and will continue well into the future.

On behalf of the employees, Board of Directors, Supporters and the thousands of Cats and Dogs that have been rescued, THANK YOU DEBBIE!!!! We all wish you and husband David, a happy and fulfilling retirement.

*More dedications* to Debbie inside...

## 2022 Service Award – Janet Bevins and Home Away From Home Dog Boarding

Janet Bevins and Home Away From Home Dog Boarding provide area pet owners a safe place for their pets when they travel. Janet is an avid animal lover. Not only do her clients benefit from her services, area rescue groups and homeless shelter animals are also the beneficiary of her kindness and generosity. Janet has served

on the Board of Directors for the AR SPCA and always attends our fundraisers and events and encourages her friends and family to attend and support our efforts. Each year Janet donates a week of boarding to Home Away From Home for our silent auction. This item is one of the most popular items and always brings a high bid! If there is an area rescue group that needs assistance with a dog in their care, Janet is open to having the dog come to her facility for extra attention and socialization. Recently, we had a dog named River and he was not happy in the shelter environment. Janet agreed to having River visit her facility and her staff brought the best out in him. Finally, River found his forever home, and we feel Home Away From Home helped make this possible.

Janet is a valued friend of the AR SPCA! Thank you Janet, for your years of dedication to animal welfare and your ongoing support and friendship to the SPCA!

## 2023 Service Award - Connee Elmore

Connee is a behind-the-scenes kind of gal that makes things happen! Whenever, you need a volunteer especially on short notice, Connee is your go to person. There is no volunteer request that Connee will not help with and always arrives with a smile on her face! She is always ready to help with SPCA fundraising events and showcasings and there is always laughter and a positive attitude! Connee is a little on the mischievous side, but we all enjoy and appreciate her help with the ASPCA transports! These transports can arrive any time during the day, even late into the evenings. Connee is always on standby for our call from the ASPCA when they are thirty minutes away and usually is one of

the first to arrive at the shelter. Connee has been a valuable foster for us, and we cannot forget her donation of poop bags!

The AR SPCA treasures all volunteers, and we are thankful for their service and dedication. Connee is one of our special volunteers and we are proud that she chose the AR SPCA to donate her time and effort to make a difference for the animals in our care.

# Shelter & Clinic Updates

Where has the time gone? On June 13th, I celebrated 33 years of employment with the Augusta Regional SPCA. As I am working on the shelter and clinic updates for the Critter Chronicle, I realize the importance of each staff member at the shelter and the clinic. Without loyal, caring and dependable employees, our accomplishments over the years would not have been possible. In the animal welfare field, the longevity of employees is 2 to 4 years. We have certainly blown those statistics out of the water!

The shelter staff is rock solid with Crystal Via, Director of Operations, who has 20+ years of service, Stacey Moran, who has served as our Accounting Specialist for 10 years and Julie Trimble, the best animal caregiver in the business and is going into her 5th year with us. Kylie Panter joined us April 2024 and Emily Dillon joined us June 2024, both are welcomed additions. Our newest employee is Beth Dickerson, hired as the new Executive Director and I hope will be the face of the AR SPCA for many years to come.

I feel like a proud mom when thinking about our spay/neuter clinic staff. It was a goal of mine to have a low-cost clinic on our property to provide affordable surgeries to our community and surrounding areas. It was not always smooth sailing along the way, but the day I met and interviewed Dr. Susan Rieser, I knew there were no limits on what this clinic could accomplish. I am always amazed at her surgery skills, her dedication and her compassion to provide high quality surgeries on the patients in her care. The team surrounding Dr. Rieser is totally amazing and Dr. Rieser has created a work environment to bring out the best work ethic in each employee.

We had 395 animals adopted from the AR SPCA in 2023 and 10 cats transferred to an approved facility through our partnership with the ASPCA. We are very appreciative of the grants provided to us through our partnership with the ASPCA. Their partnership also provides very adoptable dogs for our adoption program, and they utilize our facility overnight to house cats and dogs enroute to their forever homes on the Nancy Silverman Rescue Ride.

The spay/neuter clinic performed 4,878 surgeries during 2023, and for every spay and neuter completed, we are eliminating unwanted litters. We are grateful for the support of our community and rescue groups and shelters that utilize our clinic to help reduce overpopulation. Thanks to the vision of our longtime supporter Mary Anne Moffett, we can provide financial assistance to pet owners in our community through the MAM grant.

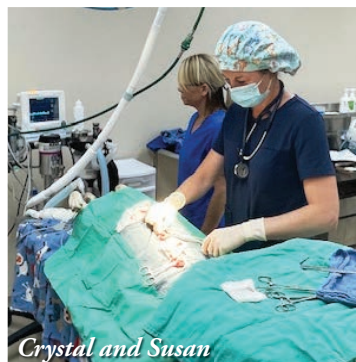

Time certainly changes things, but our continued community support will always be the key to our success and enable us to reach our goals of making a difference in animal welfare.

*Shelter staff: Kylie, Crystal, Julie, Stacey, Debbie and Beth*

Executive Director

# Dedications to Debbie...

---

June 19, 2024

I have been informed that Deborah Caywood is retiring as the Executive Director of the Augusta Staunton SPCA at the end of this year. I am honored to be asked to say a few words about my work over the years with her when I was with the ASPCA. I knew Debbie when I worked as a Community Outreach Director and Virginia was one of the 11 states that I served. I have been in the field of animal control/animal welfare for over 45 years and have met hundreds of supervisors and directors across the nation. Debbie stands out in front of them all.

Your shelter facility was one of the first that I had the privilege to visit as I traveled across the southern region. It was wonderful to be able to have excellent examples that I could share to other representatives that were seeking advice and information. Debbie was always that resource for me.

I am currently the Development Director at Actors and Others for Animals in the Greater Los Angeles region and still have many animal welfare people reach out searching for mentors and advice. I continue to recommend 3 people across the nation as knowledgeable and realistic representatives in the field of animal care and protection. Debbie has always been the first I recommend.

Your shelter has always been a role model for other facilities, not just in Virginia but across the nation. Debbie and the great staff at the SPCA has ensured your shelter is the most progressive, humane and professional in the region.

I refer many individuals to her to discuss how they might develop programs to save as many lives as possible under their care. Debbie has been a visionary throughout her career and other supervisors look to her knowledge and expertise to learn more about how she manages such a premium facility with such excellent employees.

There are simply not enough words of praise that I can give regarding my respect for Debbie as your Executive Director. Your community is losing one of the finest advocates for pets and people that I have every known. I wish that I could clone her for many of the other shelters that I hear about throughout the country. Please do not hesitate to email or call me personally on my cell if there is anything else I could add or if you have additional questions for me.

Sincerely,  
Laura Lanza

I have known and admired Debbie for close to half of her tenure leading the ARSPCA. Debbie's accomplishments expand far beyond the reaches of the shelter to embrace thousands of animals from shelters hundreds of miles away as they travel to seek better opportunities for loving homes. Their journeys have been made possible because of her vision and generosity. She, and her team, are great friends to the ASPCA Animal Relocation and Placement Program and have helped us expand this route in a safe and effective way. I am proud to call Debbie a friend and her calm and deliberate presence and willingness to go the extra mile will be missed by us all. We wish her much happiness in her retirement!

– Karen Walsh, Senior Director, Animal Relocation

# Welcome Beth!

I'm honored to introduce myself as the up-and-coming Executive Director of the SPCA. My name is Beth, and I grew up in the Shenandoah Valley and have spent most of my adult life working with animals. After graduating from Harrisonburg High School, I earned a Bachelor of Arts degree at George Mason University in Fairfax, Virginia. Post-graduation, I returned to the valley and attended Blue Ridge Community College's Veterinary Technician program. From 2005-2020, I worked in a variety of veterinary settings as a Licensed Veterinary Technician, with most of my time in emergency medicine and spay/neuter. During COVID, I stepped away briefly from the animal world and became a Legal Assistant for Ritchie Law Firm, with a focus on Personal Injury and Workers Compensation law. However, my love and passion for animals brought me back here and I'm excited to put that knowledge and passion at work here at the Augusta Regional SPCA.

## Make plans to join us...

*A Cause for Paws*

**Saturday, August 17, 2024**

Live Music • Beer • Wine

*Fall Festival*  
*October 19<sup>th</sup>, 2024*

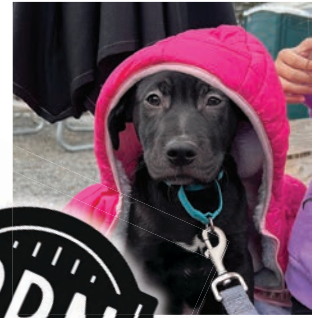

at PENMERRYL FARM  
Greenville, VA

# Events & Outings

On October 28th, 2023 we held our Annual Fall Festival at Penmerryl Farm in Greenville. Activities included a 5K run, a one-mile fun "color run", a dog show with costume contest, face painting, and pumpkin painting. A special thank you to the Pittkin family at Penmerryl Farm for hosting this event. We'd also like to thank the Hitchin Post kitchen food truck for being there. **This year's Festival will be held on October 19th, 2024.** We look forward to another day of fun on the farm! Make plans to join us!!

# Pints and Pups at Pro Re Nata

Our friends at Pro Re Nata in Crozet invited us last Fall and this Spring to join them for an afternoon. Our pups enjoyed a day out - meeting all kinds of folks, and getting lots of attention! Thank you Pro Re Nata! We hope to join you again!

## Christmas at the Chapel

On Sunday, December 3, 2023 we opened the doors of our beloved chapel and invited the community to gather for a little holiday cheer and a blessing of the animals. Pastor David Burch performed the blessing, and Jimmy O came to sing carols with us. The chapel really looked beautiful!

## SUMMER BREEZE FESTIVAL

On Saturday, July 13 we enjoyed another fantastic day at Rockbridge Vineyard and Brewery for this year's Summer Breeze Festival! It was a hot one but we had a great time and got to catch up with some adorable SPCA alumni!

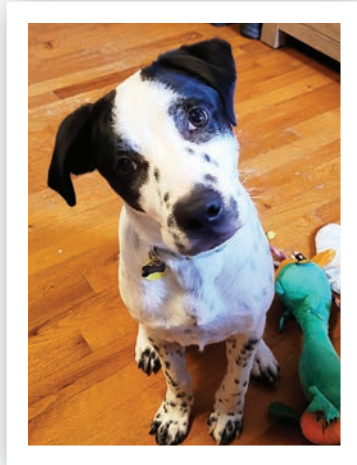

Alex Rankin and "Charlie"  
- adopted 11 years ago!

# Tail Mail

Willow, formerly Marigold, is living her best life! She is a spunky, cuddly, sweet baby girl and we love her so much!

Thank you Augusta Regional SPCA for bringing her into our lives!

We adopted Chandler from you a few weeks ago, and I just wanted to send you a few pictures of him now! He came into the house and fit right in immediately! He is a very happy little guy, and he loves sleeping on us, playing with his new sister, toys, and being in every cat tower we have. His other new sister took a little longer to warm up to him, but she doesn't mind him now at all and will occasionally even play with him. He had his vet checkup this week, got his updated vaccines, and is doing so well!

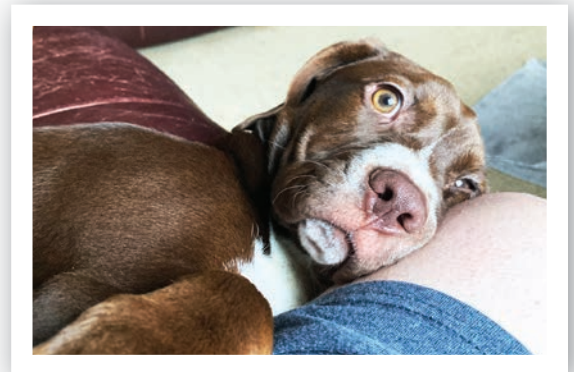

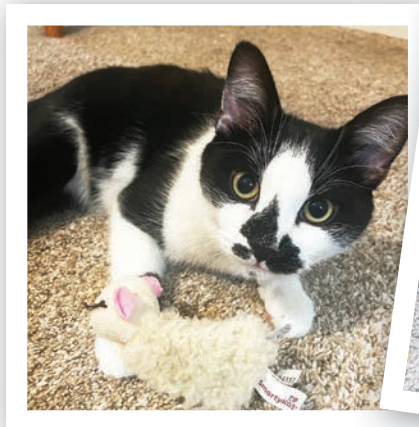

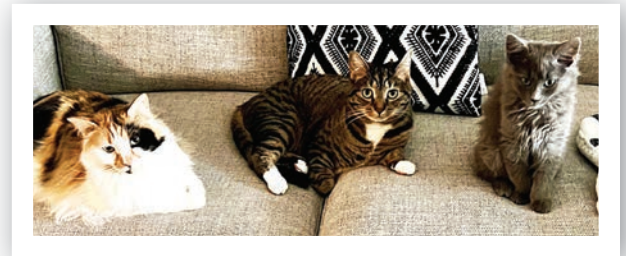

I also wanted to thank you and tell you how impressed we were with you and the shelter in general. Everything was so clean, the animals seemed so well taken care of, and all of your employees were absolutely fabulous. I am so thankful that shelters like the ARSPCA exist, and we appreciate all that you do for the animals in our area!

Emma has been a welcome member of the family for a little over a year now. We are happy to have this cuddle bug with us.

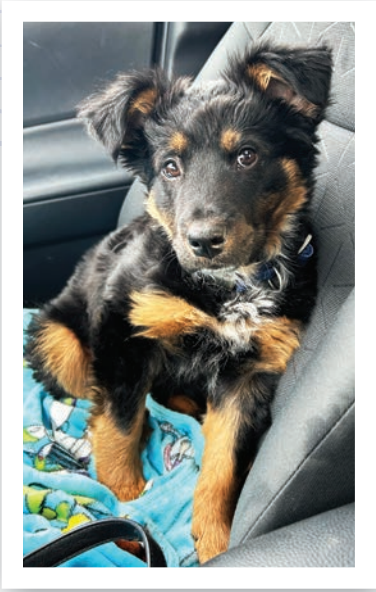

She stretches out to about five feet and weighs in at about 60 lbs. Every inch is a cutie pie.

Thank you so much for giving me the opportunity to adopt Jung Kook. He is such a sweetheart & has adjusted well. I changed his name to Milo. Here's some pictures I recently took.

Hey, just wanted to give an update on Gunther now Gunner. It took him no time fitting right in. It's only been a month but it feels like he's been here for years. He has learned how to sit, stay, and give high fives. Peanut and Gunner are like long lost siblings. This is my 3rd dog that I've adopted from the SPCA and each one has always turned out great.

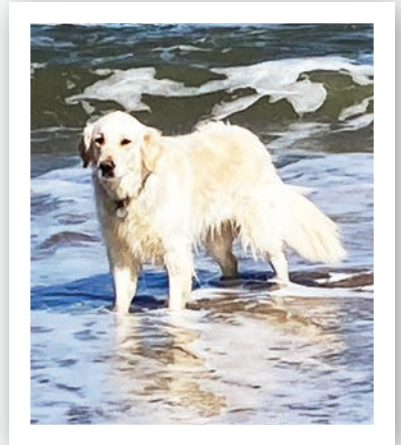

I adopted Ashton (now Oliver) in November. I just received the results of his Embark DNA testing. You might find it interesting!

- 28.6% Labrador Retriever
- 22.5% American Pit Bull Terrier
- 22.4% Poodle (Standar)
- 9.2% Cane Corso
- 6.9% Mastiff
- 10.4% Supermutt

He's been running on the beach with Lucy this week. His first time off leash. He loves walks, car rides, playing with Lucy, anything to eat and snuggling. He even snuggles with Calvin, our cat.

I love, love, love him and am so grateful that you had him and I found him online! He's a wonderful, silly, sweet dog who loves everyone he meets.

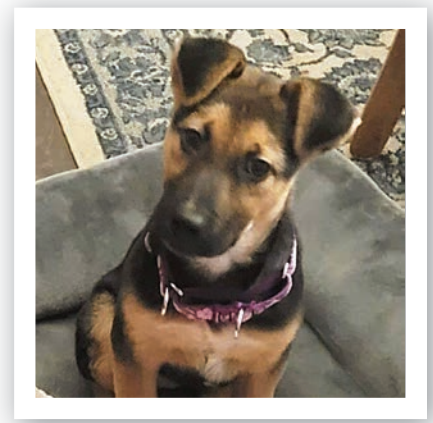

Hi!! I just wanted to let you know that (Grover) who now goes by Dex, is settling into his new home so wonderfully!! He loves the boys and going on car rides for school drop off & pickup! And the snow!!

Here are some pics of Halibut, we renamed him Oreo, he is great!!

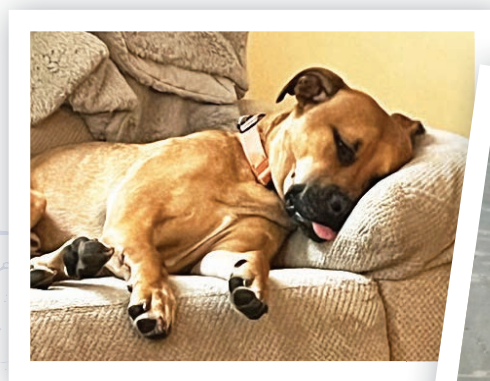

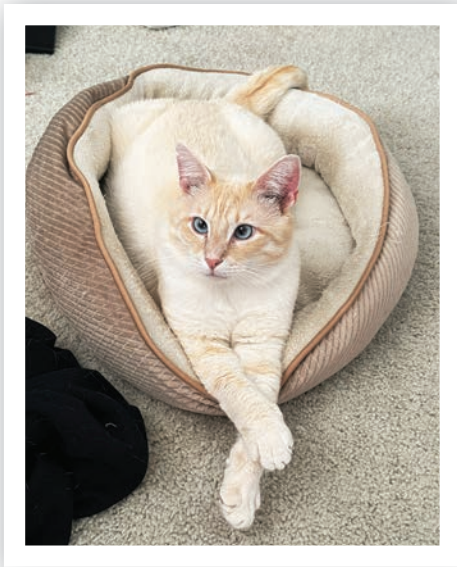

Pumpkin Spice is settling in well. She seems extra happy and it is very nice to be experiencing the love of a puppy again.

Basil says, "After eight grueling weeks today, I am finally getting these humans somewhat trained to serve my senior needs."

We wanted to follow-up with a pupdate on Buster. We adopted him on May 4th and he's fit right into our family. He's enjoyed many walks and runs at various locations. Enjoyed playing with other dogs in our extended family, and really enjoyed our family vacation to the beach. We couldn't be happier with our adoption of Buster. He even gets along well with our three cats.

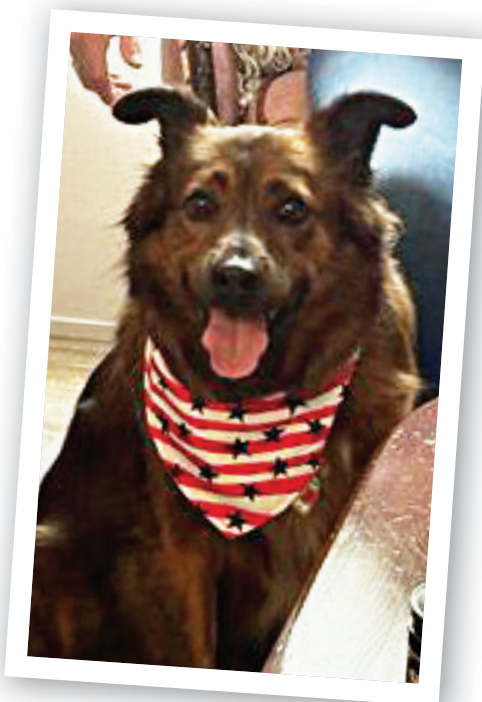

I adopted Marshmallow on January 17th of this year and he's the best friend anyone could ask for. He loves his feather wand, chicken treats, and taking naps on the couch. I'm so glad we found each other! And thanks to all the staff at the SPCA for loving him until I got him!

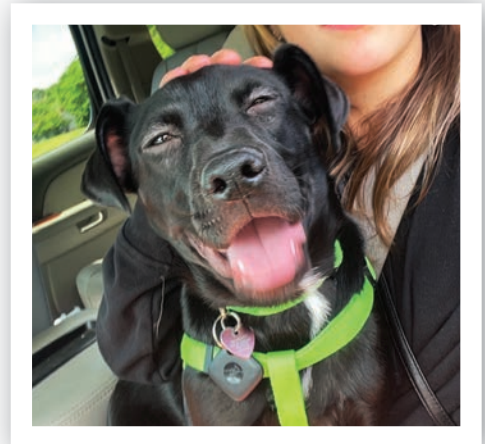

This is Buster, we got Buster when we was 2 months old, he has been adjusting very well and loving all his new toys and friends! Buster has learned a bunch of new tricks and even how to let himself out of his play pen. We also love to watch birds and deer!

I adopted Roxy as she was the last of her litter a few years back. When I came to meet her at the shelter, she was so timid and tinkled every time I got close to her but I could not resist her puppy eyes and it was the best thing that happened to us both. Roxy is the most spoiled girl ever, she is my cuddle buddy, shot gun rider and 5th child. We love Roxy and we are so glad we have her!

I just wanted to give you guys a little update on Duke who I adopted back in December. He is doing amazing and has settled into our home well. My aunt and I love him and he loves us, but he's designated me as his person. I don't understand how or why he was returned so many times to the shelter because he's such an awesome dog. Thank you guys for allowing me to adopt him because at this point I don't know what I'd do without him. Thank you for what you guys do!

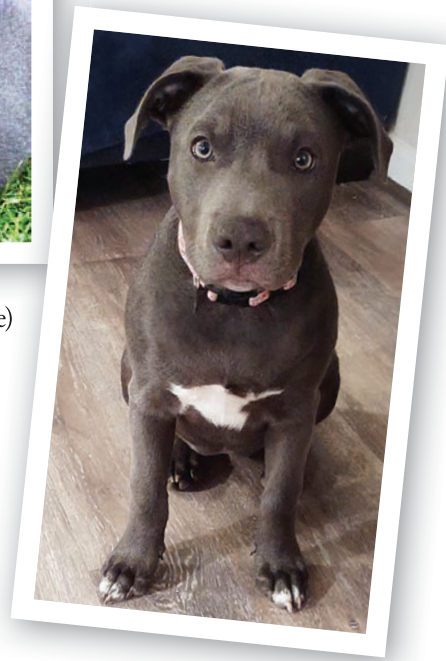

Zeke has become a special part of our family very quickly and we love him so much. He will be starting training classes next month and begin the journey to becoming a therapy dog. He is laid back and so sweet. We are working on getting him to trust the outside world but when he is at home he is a wild man

Whickett's first night with his new big brother, Silas!

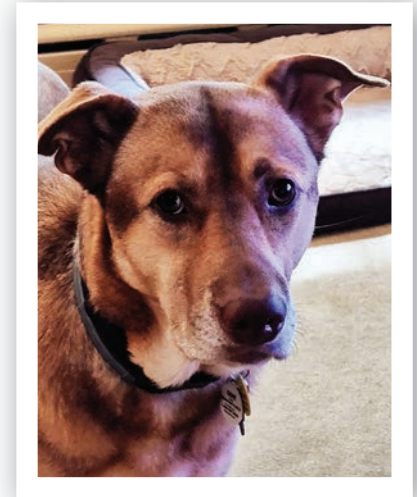

Today our Shae (formerly Myrtle) turns 1! She is such a smart, loving, good girl. Loves to play ball, frisbee, and go walking. We love her so much!

Nash, is short for Nashville in memory of my Memphis. He was a gray tuxedo. Always wanted a black one for him. I want to thank all of you for all your hours. This kitten is sweeter, cuter and better than I could have wished for.

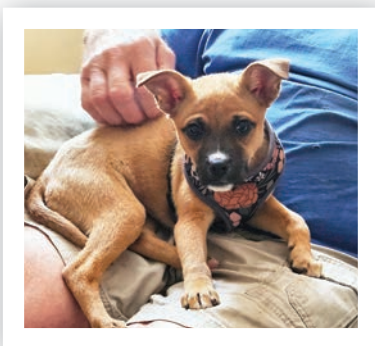

You did such a great job preparing him for adoption. He is loving his new home. I can't believe he's already sleeping on my lap, hugging my neck and staying at my feet, and feeling safe and secure.

He's loving his forever home. Thank you again!!!

We adopted Odie a.k.a. Odin in March of 2023 and couldn't be happier with him. He bonded to us very quickly and has been such a joy. We're so thankful to have given him a second chance.

This is "Trudy" who we adopted about a month ago. We have named her Josie! She is so playful and enjoys being outside and running all around the backyard. She has 2 teenagers who just adore her so much.

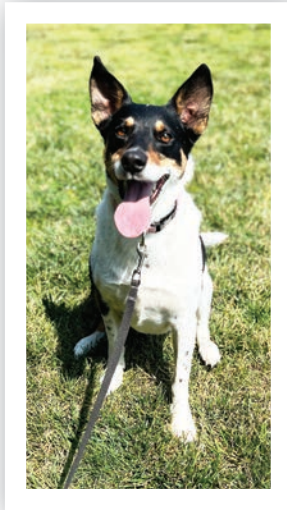

Good Morning my friends! First, let me tell ya that my new name is MOLLY SUE. My mom said I looked like a MOLLY! WOW, do I love my new home. It's the best ever...I have wonderful beds and awesome toys! I just I should say that I'm already spoiled! I've been doing great with house training even though I still have an accident sometimes. My new Mom and Dad give me hugs and kisses all the time. I love to eat and those treats I get are delicious! I'm sending you some pictures...I hope all of you are doing well and Thank You for finding my new home. Love yall

Wanted to give you guys an update on my sweet girl! I renamed her Nala and she is loving her new home! She goes on so many adventures and has opened up her personality a lot more. I'm continuing to learn more and more about her as days progress. I couldn't ask for a better, sweet dog. She is now 8 months old! She knows how to sit, wait, lay down, and shake. She LOVES the water and going for car rides, as well with making new friends with not only dogs but humans too. I just want to say a BIG thank you to the Augusta ASPCA for blessing me with such a wonderful dog!

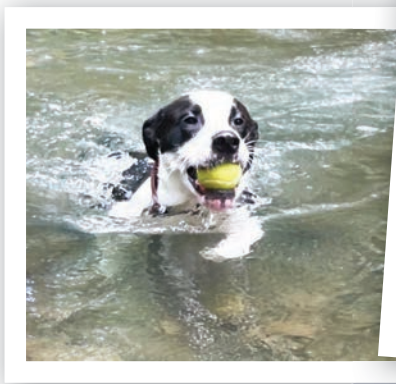

This is Rory (previously Tallie). My husband and I adopted her in 2019 from ARSPCA. She is the happiest girl. She loves to cuddle and nap, but when we take her out to play, she loves to run around and play fetch and wrestle with our other dog. She was the only dog at the shelter that got along with our other dog, and she loved him immediately! She is now a certified therapy dog and the sweetest addition to our family. We love her so much and are so grateful to ARSPCA for bringing her to us.

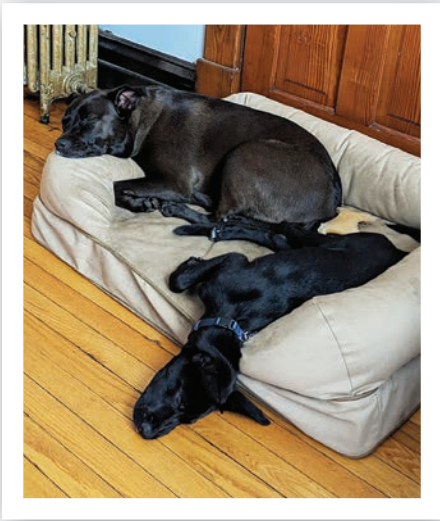

July 5th we adopted "Bosco" but the sweetest dog ever deserved a new name for her new life so she was given the name "Spirit"! She is an amazing loving girl and has 3 K9 sisters to play with! She is very smart, has learned new routines quickly and just celebrates her first RV camping trip to the Eastern Shore!

Hi, we adopted Bailey yesterday and wanted to let you know she's doing fine in her new home! She was initially terrified when we met her, but after about 15 minutes, she warmed up to us! She's the sweetest lil girl ever and we love her! As you can see, she's fitting right in and even had a nice bath! Thank you!!!

I just wanted to give you an update on September now named Snoop that we adopted from ARSPCA back in April of 2022. He loves going on adventures everyday. Some of his favorite things are swimming, hiking, playing ball, car rides and playing with his doggie and kitty siblings. He is the most loving sweetest boy. We are so very grateful for you all and everything you do everyday for these amazing babies.

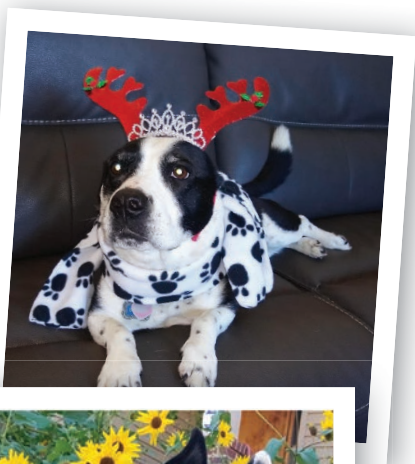

Good morning friends!  
 We wanted to send along a couple pictures of our happy tail pups Neva (adopted 2020) and Nash (adopted a week ago, formerly Spades)! They were fast friends and are having so much fun romping around together... then napping after all their wiggles are out! Thanks to everyone at the ARSPCA for taking such good care of all the pups while they waited for their families!

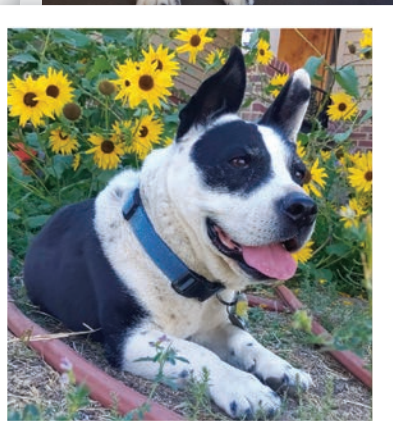

I adopted Bouncer (now Spanky) right around Christmas last year. He's fully adjusted to the pampered life! Thank you so much for hooking me up with such a great guy! Please check out the attached photo!

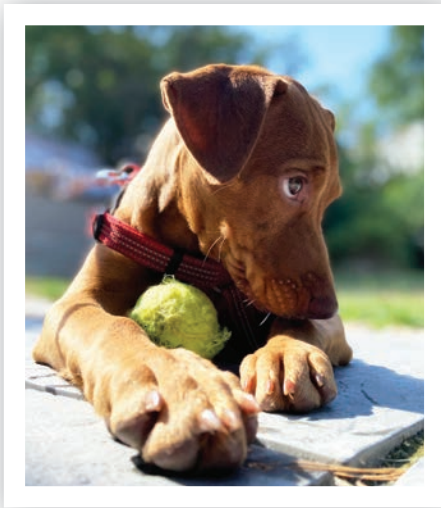

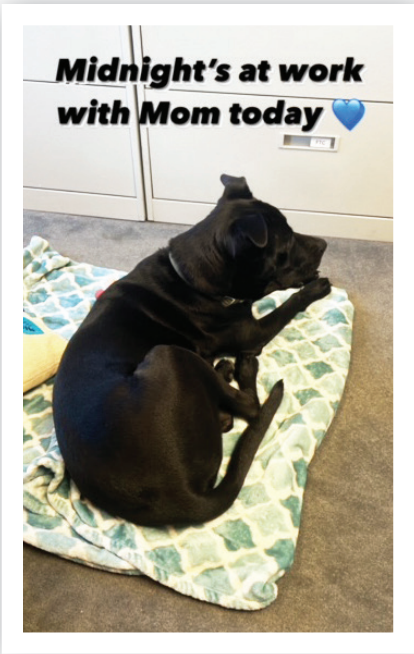

We thought you might like to see a picture of Sabrina (now renamed as Shelby Grace) and her older brother

Charlie Watson. Shelby is getting along well and growing quickly. We did have a bout with Giardia at first, but she is fine now. Thanks again for your help in adopting her.

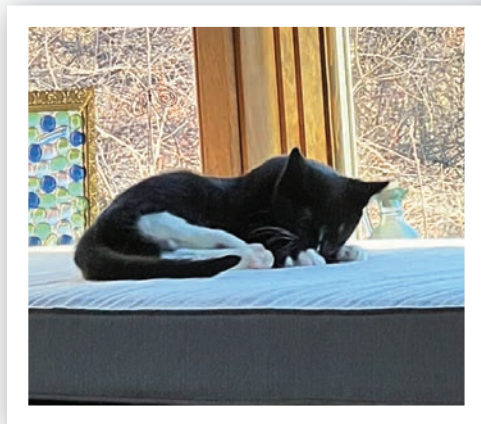

Attached is a picture collage for Borgi. We adopted her 10 years ago from you all, and the miles she has traveled and hearts she has warmed are incalculable. From Virginia to rural Utah, Borgi has a lot of miles on those short little legs! Today, Borgi is in hospice care. She has a tumor, and we are taking it a day at a time. As I look back over the ten years, it is like yesterday when we brought her home. Our daughter has grown up with Borgi, and we have shed many tears as we deal with Borgi at this stage of her life. We love and value each day we have. As long as Borgi is able and wants to go get gophers, help feed animals, go for short walks, or just sit and sniff the breeze in the shade, we are there for her. I tell anyone who asks "She is an SPCA special - go adopt a dog!"

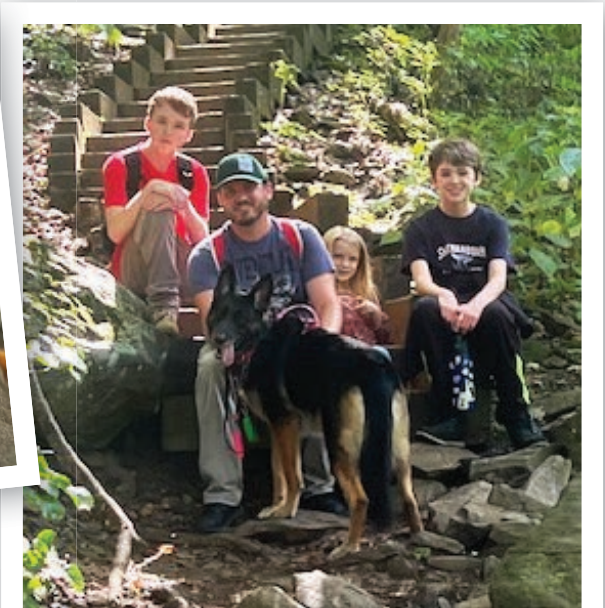

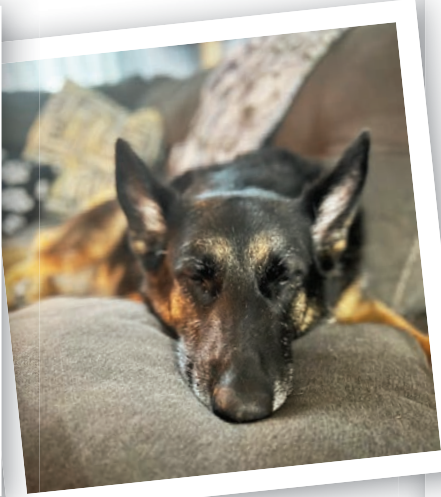

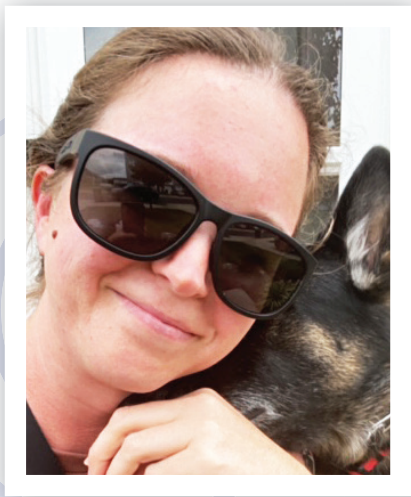

Brinkley is doing great and has gotten comfortable with her surroundings. She has learned sit, down and goes to the door when she needs to go to the bathroom. She's happy and thriving. She enjoys her time outside running and playing.

Thank you! He's an amazing pup. So well behaved. We love him so much. He came to work with me today.

Hons aka Buddy loves his new home and his 2 dog sisters. He has settled in and taken over! We love him so much!

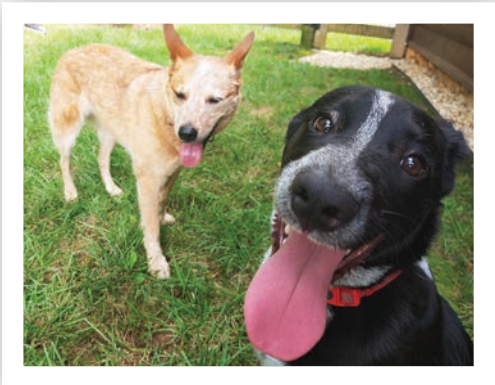

Today marks one year since we welcomed Maddie into our family. She has been an amazing addition and I'm so glad we can call her ours.

Today is Murphy's Happy Adoption Day and we wanted to send some more recent photos. He has been such a joy and an amazing addition to our family! It truly seems like we just brought him home - the year has really flown by. He is so intelligent and quirky and well loved! Thank you for all you do to help pets in need and for matching them to families!

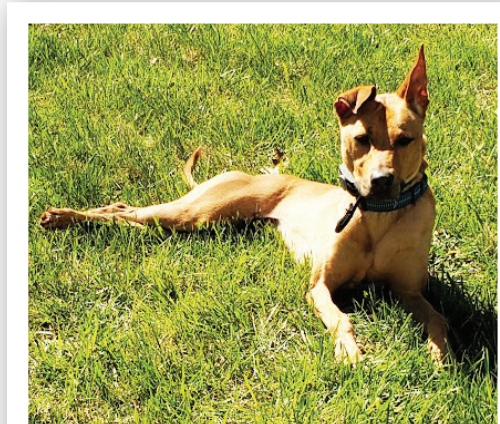

I wanted to send a quick video and a few photos to show you how Burrito is doing in his new home. We absolutely love him. There has been no adjustment time. Our older dog has accepted him and shares her chew toys.

He was wary of stairs but mastered them within 24 hours. He always wants to be around us so there's no issue with wandering off. He's extremely lovable and calm. He is doing great with sit and stay and is learning the ropes from our other dog, Stella.

We're grateful for the fine care you gave him and are surprised no one grabbed him up before we got to him. Be assured that he is happy and healthy.

Thought I would give you an update regarding River. I am happy to say that after a very eventful first week, with work and patience, things have drastically improved. We have worked on some boundaries and now he and Dixie (another ARSPCA alumni) are doing much better. Had a few growls and apprehension with new men, but we have worked

on that and he has done much better. With a few treats, he becomes buddies with them pretty quick. Extremely well mannered with women and kids. Even likes the cats. He has picked up on a daily schedule/routine very well. If someone didn't know better, they would think he has been at our house forever. Still having some occasional tummy issues even after going back to the Purina that you said was fed to him at the shelter. Vet appointment is scheduled. Things are going very well. River has found his home. Feel free to share with anyone who was following River's travels.
